**Response 1:** Specific subsurface Technical Data mentioned in ITB 5.02 are presented in the Supplementary Conditions. There are no known hazardous conditions associated with the existing building (e.g., asbestos).

**Question 2:** Article 2 (2.01) of the "BID FORM FOR CONSTRUCTION CONTRACT" indicates that a list of proposed Subcontractors (B) and Suppliers (C) should be attached to the bid. Can this list of subcontractors and suppliers be provided within 5 days of the bid opening?

**Response 2:** The list of proposed Subcontractors and Suppliers can be provided by the apparent successful bidder within 5 days of bid opening.

**Question 3:** Please confirm that the EJCDC C-451 form is to be turned in after the bid opening and doesn't need to be included with the Bid.

**Question 4:** ITB Article 15 – Modification and Withdrawal of Bid, item 15.02 – indicated bids can be modified via Fax, will a Fax modification form be provided? Can modifications to bids also be made via email?

**Clarification on Volume 3 – Drawings Title.** The title of the drawings reads, "Kodiak Landfill Aeration Tank". This is the same project. The aeration tank is the main process component of the pretreatment facility.
