Note: A capital project is usually a project with an estimated cost of \$25,000.00 or more, and which is an improvement not normally associated with normal governmental or tribal operations or maintenance.

The Kodiak Island Borough is a second class borough under the applicable provisions of AS Title 29. As such, the Borough cannot undertake or participate in many projects located within incorporated communities within the borough. Nevertheless, it is advantageous to have capital projects from local communities on the Borough's CIP list because the Borough does have the ability to lobby on behalf of projects in the borough whether they are Borough projects or not.

What is your project? Please describe it. For instance, if it's a road or trail how long and wide will it be? If it's a bridge what will it span? Provide as much detail as possible.

Are parts of the project already constructed? Will another agency do some of the work? If so, please explain.

Why do you want this project? Is there a safety concern? Does what you have now need replacement, rehabilitation or reconstruction? Please explain.

Who will use this project and how will it help them? Are there health, quality of life and/or economic benefits? Please explain.

Who will maintain the project after it is built?

Who owns the land where the project will be built? Will there be a need to purchase land or right-of-way?

Do you have a resolution of support from a local elected body or traditional council? If so, please attach.

How will you help? Do you have land for right-of-way or in-kind services to donate? Will you contribute money to the project? If known, what is the total dollar or percentage of total project cost to be contributed?

Please attach a photo, map or graphic (as a separate page of a printed document or as an attachment to the email created when the submit button is chosen).
