

# Hazard Mitigation Plan Update for Kodiak, Alaska

Newsletter #1: May 11, 2018

LeMay Engineering & Consulting, Inc. was contracted to assist Kodiak with preparing a 2018 HMP update. The HMP will identify all applicable natural hazards. The plan will identify the people and facilities potentially at risk and ways to mitigate damage from future hazard impacts.

**Offer your comments on the Draft HMP Update:** The goal of Newsletter #1 is to announce the availability of the Draft HMP and invite you to provide comments, identify key issues or concerns, and improve mitigation ideas. This plan has been posted on the Kodiak Island Borough's web page for your review.

**Attend the Wednesday, May 30, 2018 Hazard Mitigation Plan Public Review Meeting in the Kodiak Island Borough Conference Room at 2:00 pm.** One of the agenda items at the meeting will be a summary of the Draft 2018 HMP by Patrick LeMay. You can request a copy of the plan be emailed to you now by emailing [patrick.lemay@lemayengineering.com](mailto:patrick.lemay@lemayengineering.com). You're invited to provide input to the plan and can also present your comments verbally at the May 15 meeting. We'll be discussing:

- 2018 Plan Hazards, which include:
  - Dam Failure,
  - Earthquake,
  - Erosion,
  - Landslide,
  - Severe Weather,
  - Tsunami,
  - Volcano,
  - Wildfire, and
  - Technological Disruptions.

What would be your top three hazards from the above list?

- Critical Infrastructure
- Vulnerability Overview
- Mitigation Projects
